Very many thanks to all the marshals and, especially, to Margaret Meridith (the lady farmer) for allowing us to ruin her field !

We hope you all enjoyed the day and note that, amazingly, there were 8 times when people scored exactly the same times on both counting rounds —shows a great consistency in driving !

I hope to get more interest in this type of motorsport and would ask you all to drop me a sentence or two (in the next couple of days) to give your impressions of the day and Peter will include them in a missive for Safety Fast and also for the SW website.

More silly fun in a field in August 5th with MGOG2—see website for all details.

I look forward to seeing you again at MGOG1 in 2019 (MSA rule changes permitting),

Victoria.
